

braska Experimental (sub-station at North Platte," by Wilson Tout. A review of the occurrences of the Eskimo Curlew is followed by the cheering statement that "Although the Eskimo Curlew is reduced to the point of extinction, it is probably not yet absolutely extinct." This species and the Trumpeter Swan seem to be the species which are doomed to extinction even before some others which it was thought would disappear before them. L. J.

The Birds of Green Lake County, Wisconsin. By John N. Lowe. From the Bulletin of the Wisconsin Natural History Society, Vol. XXXI (New Series), No. 2. June, 1915.
This is a briefly annotated list of 211 species.
